Additional Comments: _____

EVALUATION CRITERIA

A. Product Reliability

1. Vendor / Product track record

In business since 2004, international
deployments, more than 20,000 customers including Dell, HP, and NASA.

2. Vendor support required

None required but support options exist.

3. Ease of use

Very easy to set up and run, use of advanced
features may require additional steps.

4. Support required by RIC / school district

None required

5. Potential to become "White Elephant"

Minimal, good track record with long time customers, regularly updated.

6. Training requirements

Very easy to set up and run, use of advanced features may require more time.

B. Product-Price / Acquisition

1. Cost effectiveness

Different licensing options available depending on number of devices managed. Educational licensing is less than commercial. Up to 1000 devices was \$799 last year for GV.

2. Acquire via NYS Contract or local bid

No.

3. Cost of operation and support

Can be added to existing domain server/VM. Several hours per week to look at data, more if using to deploy software and use other features.

4. Do any legal or contractual issues exist

No.

C. Product-Relationship to Other Standards

1. Compatibility to existing Standards

Windows based, monitors most devices, but not Chromebooks or iPads (yet)

2. What other options are available

SCCM, TEM, Spicworks.

3. Relationship to previous research and changes since that time

None.

D.

BOCES-Service Needs

1. Define and explain the current need

Device inventory, software inventory, helpdesk, software deployment, remote monitoring.

2. What existing CoSer and RIC Service does it fall under

CSLO for device management of assets obtained via CSLO, desktop life cycle (TEM, SCCM) helpdesk (Qware)

3. What is the scope and size of the school population to be served

Any size school , GV has under 1000 devices and under 1000 students.

4. Instructional and/or administrative goal supported

Management and tracking of all devices on the network.

5. Results of survey determining school district interest in using this product

None yet, at least 4 Allegany county schools use

Signature of person making request Chris Gyr
